

1 in 10 children do not get their

most basic needs met

Dudley decision makers are strongly committed to creating a place where children and young people can 

Thriving is when people are healthy, happy and are encouraged to really **blossom**

So what are the things that make children and young people just **survive** or truly **thrive**?

We would like to invite you to be trained in some exciting and fun ways of working with other young people to find out.

Calling all young people between 13 & 19...

25th & 26th October 10am - 4.30pm **Learn it & try it**

Take part in two free training days where we will explore what young people in our community think and feel and practice different ways of communicating and capturing what we hear.

We will also explore what little things we can all do that might make a big difference.

The approach we will be learning about is known as Participatory Appraisal and is a great set of skills not only to add to your CV but also to help you to communicate well with others.

You will not be alone as there will be lots of friendly, fun people all sharing and learning together.

27th October 10am - 1pm **Celebrate!**

Everyone who takes part will be invited to enjoy a fun social activity as a **thank you** for getting involved!

25th November - 1st December: **Action week**

During Action Week we will be asking you to think about what you can do to gather even more information that will help to develop an awareness campaign about what you have found out.

Who can take part?

Young people living in Dudley borough between the ages of 13 - 19 (if you are interested and over 19 do get in touch as we are running separate sessions for adults) You will need consent from parents or carers to take part if you are under 18 unless you live independently.

Find. out more and sign up:

Register for your free place at: <https://youngpeoplethrive.eventbrite.co.uk>

Or call Faye on 07903 374686 or email fayehall@dudleycvs.org.uk for a friendly chat.

Food, drinks and a warm welcome will be waiting and support is available for travel if needed.
